MAKEUP OF THE BOARD

To Investigate the Schley-Sampson Controversy.

JUDGE ADVOCATE NOT YET NAMED.

Members of the Court are All Fighting Men, and It Is Believed Will Be Satisfactory to All Concerned.

Washington, July 25.—The board of inquiry which is to investigate the controversial points in connection with Admiral Schley's conduct during the Spanish war, will be composed of Admiral Dewey, president of the court, and Rear Admirals Lewis A. Kimberly and Andrew E. Benham. The court will meet at the navy department in Washington Sept. 12. The judge advocate of the court has not been selected, and the precept to the court which is being prepared by Captain Lemley, judge advocate general, has not yet been completed.

The scope of the inquiry will not be known until the precept and order for the convening of the court are issued. It is expected they will be promulgated by the department Friday. Secretary Long says, however, that the proceedings of the court will be open and the widest latitude would be permitted in the matter of witnesses and that Rear Admiral Schley will be allowed to be represented by counsel.

The secretary had nothing to say about the composition of the court except that he thought it spoke for itself, and to express the hope that the men chosen would be satisfactory to all concerned. He pointed out that none of the officers chosen had, so far as he knew, expressed an opinion concerning what is known as the Sampson-Schley controversy, and it was therefore to be presumed that they would enter upon their work in an impartial and unprejudiced spirit. The members of the court are distinctively fighting men. Each has been connected with a celebrated event in naval annals. Of Admiral Dewey, the hero of the battle of Manila bay, it is unnecessary to speak. His record is familiar to all. His associates, Rear Admiral Kimberly and Rear Admiral Benham are both retired officers.

The former was retired in 1892 and the latter in 1894. Admiral Kimberly is 77 years old and Admiral Benham 69 years. Each saw over 45 years of active service. Both had fine records during the Civil war. The great event with which Admiral Kimberly's name is associated is the destruction of the American fleet in the harbor of Apia, Samoa, during the terrific hurricane which occurred there in 1889. Admiral Kimberly had been sent to Samoa at the head of an American squadron during the trying period of our negotiations with Germany there, and had conducted himself before the storm with marked dignity and ability. When the hurricane occurred his entire squadron was wrecked. The Vandalla and Trenton were completely destroyed and the Nipsic was cast ashore. The story of that great disaster and the heroism displayed by the American officers and men under the direction of Admiral Kimberly, thrilled the whole world and made an impression never to be forgotten.

Admiral Benham played a dramatic part at Rio de Janeiro during the great naval revolution in 1894.

Reconsidered the Matter.

Washington, July 25.—Secretary Long reconsidered his decision to appoint Commander Pillsbury as judge advocate of the Schley court of inquiry. A final decision in the matter has not yet been reached.

Will Ask to Be Relieved.

West Newton, Mass., July 25.—Rear Admiral L. A. Kimberly said that owing to ill health he would ask to be relieved from serving on the Sampson-Schley court of inquiry.

Want a Receiver.

Dayton, O., July 25.—The minority stockholders of the Miami Valley Gas and Fuel company brought suit here asking for the appointment of a receiver and an injunction to enjoin the local banks from paying any money to the Central Contract and Finance company. Their alleged cause of action is that the late Calvin S. Brice, acting with others, formed a conspiracy whereby their company was allowed to lose the ownership and control of gas wells and gas fields in Mercer county, by allowing leases to expire and by allowing the wells to deteriorate with the object in view of getting hold of them themselves under the name of the Central Contract and Finance company.

Chicago, July 25.—An audience of thousands witnessed the consecration of Rev. Father Peter J. Muldoon, as titular bishop of Tamassensis, the auxiliary to Most Rev. P. A. Feehan, archbishop of Chicago.

BAPTIST YOUNG PEOPLE.

Largest Convention Ever Held Assembled at Chicago.

Chicago, July 25.—What is claimed to be the biggest convention ever held by the Baptist Young People's union began at the Coliseum here. It was estimated that 10,000 delegates and visitors were present, and it was predicted that by Friday nearly half as many more would be present.

Addresses of welcome and congratulation were made by Francis W. Parker in behalf of the citizens of Chicago, Louis A. Crittendon in behalf of the Young People, and Rev. John L. Jackson in behalf of the churches. Rev. B. F. Stillwell of St. Paul responded for the visitors.

At the conclusion of these speeches, addresses were delivered by Rev. John A. Bennett of Philadelphia on "Christ's Conception of His Own Kingdom," and by the Rev. Robert Whitaker of Palo Alto, Cal., on "Christ's Conception of Citizenship in His Kingdom."

In the afternoon the convention split up into departmental conferences. The president, John H. Chapman, delivered his address in the evening.

Outlaws Captured.

Leavenworth, Kan., July 25.—Sol Temple, a member of the old Ellsworth gang of outlaws, which several years ago operated extensively in southern Kansas and Oklahoma, has been arrested here, together with William Jones, alias William Hensley. They had, it is charged, planned a raid on the saloons outside the army reservations and cut the telegraph and telephone wires to Leavenworth to make escape easier. An officer shot Jones in the neck, inflicting a serious wound. Temple will be taken to Pond Creek, O. T., where he is wanted on several charges and for breaking jail twice. Jones, or Hensley, is about 22 years of age and says his home is at St. Joseph, Mo.

Naval Appointments.

Washington, July 25.—The president made the following appointments in the navy: Commanders—Albert F. Dixon, George L. Dyer. Lieutenants—Allen M. Cooke, Raymond D. Hasbrook, Stanford E. Moses, Henry B. Price, Andre M. Proctor. Lieutenants, junior grade—Kenneth G. Castleman, Arthur Crenshaw, Charles P. Burt, William L. Littlefield, Albert W. Marshall, Thomas D. Parker, Pope Washington.

Activity in Oil Field.

Fostoria, O., July 25.—The record-breaking advance in the price of oil is not only producing results in the way of renewed activity in the local fields, but it is also encouraging wildcatting. Cleveland parties have secured 1,000 acres southwest of the city and have a derrick up ready to be rigged up four and a half miles from the nearest development. The results will be watched with interest.

Agreement Reached.

London, July 25.—A complete agreement has been reached between the vatican and the United States government, with regard to the religious orders in the Philippines. According to this agreement the Dominican and Augustinians will remain for the present, but the Spanish monks will be replaced from time to time by others. Moderate compensation will be given for the property handed over.

Had Premonition of Death.

Upper Sandusky, O., July 25.—Fireman Douglass of the Fort Wayne road attended the funeral of an aunt at Crestline several weeks ago. At the services he had a premonition of death and this so preyed on his mind that he asked for a lay-off to ease his mind. He got it and was assisting his father in storing away hay when the barn was struck by lightning and he was killed.

War on Ticket Brokers.

Buffalo, July 25.—The railroad companies whose lines enter Buffalo caused the arrest of six local ticket brokers on the charge of forgery, and they were locked up at police headquarters. They are charged with having duplicated joint agency stamps and it is said that the arrests were a move in the fight of the railroads to drive ticket brokers out of the business.

Pope's Health Good.

Rome, July 25.—Although the pope is in excellent health, the feeling prevails at the vatican that a meeting of the college of cardinals cannot be far off, and there is no secret that the candidates to the papal chair are making elaborate preparations for this conclave.

Defeated By Insurgents.

London, July 25.—According to native intelligence Chinese and Russian troops have been seriously defeated by insurgents in the southeastern part of Manchuria, and the rebels are now destroying the telegraph wires.

Over a Precipice.

Zermatt, Switzerland, July 25.—An Englishman and two women, together with their guide, plunged over a precipice while ascending the Matterhorn.

STEEL STRIKE ACUTE

To Operate Wellsville Plant With Nonunion Men.

MANY ARE NOW INSIDE THE WORKS.

President Shaffer of the Amalgamated on the Ground to Prevent Overt Acts on Part of the Strikers.

Pittsburg, July 25.—Steel strike developments of the last 24 hours indicate that the company's force at Wellsville are slowly accomplishing their intention of operating the plant with nonunion men. A number of new men succeeded in eluding the strikers and getting inside the works, and before the day is over a fourth mill is expected to be in operation.

The situation at Wellsville is acute and there is no doubt the condition of affairs there, with the rumored injunction proceedings, caused President Shaffer to make his mysterious trip to that place. While he has not divulged his reasons for his sudden journey, it is believed that his mission was to prevent any possible cause for the interference of the courts, by impressing on the strikers the importance of remaining orderly.

Manager Brookman of the Wellsville plant in an interview, stated that they were expecting new men every day and they will have every mill in the plant running full next week.

At McKeesport all remains as quiet as heretofore.

The strikers now seem almost convinced that no effort will be made to start the mills in the near future. The declaration of Mayor Black that he would not permit deputies in the idle mills or allow the city police to guard the company's property has caused a sensation. Hundreds of mill workers from Homestead and Duquesne joined the McKeesport workmen in a procession to the mayor's office to thank him for the stand taken.

On the general strike situation, President Shaffer declared there had been little change within the past few days. The reports that something definite would be done by him within the next day or two in the way of calling a strike in more mills, the labor leader refused to discuss.

Other Amalgamated officials, however, intimate that the attempts of the mill officials to resume operations at their mills with nonunion men, or the carrying out the threat to break the strike by court injunctions restraining the strikers from interfering with nonunion men on the streets, would precipitate a crisis and compel Mr. Shaffer to put his plan of strike extension into execution.

A Wellsville, O., dispatch says as a result of President Shaffer's orders none of the workmen were molested as they went to and from work. Instead of running four mills single turn and one double turn as was announced by men at the mill, it was decided to run two of the mills double turn and operate only three of them Thursday morning. This will make a total of five turns.

Not a man arrived Thursday morning on any of the trains. The strikers did not congregate about the streets as usual. Most of them remained at the camp on the West Virginia side of the river or have secured employment elsewhere. It was the quietest day this week.

More Wages or a Strike.

Philadelphia, July 25.—The machinists and blacksmiths, about 290 in all, employed in the shops of the Philadelphia and Reading railway at Port Richmond, have unanimously decided to reject the company's offer of an advance of 5 per cent in their wages. About a week ago the employees demanded the restoration of 12 per cent which had been taken from their pay four years ago. In answer to the requests the company posted notices giving the men a 5 per cent increase. Another demand for the 12 per cent advance has been made and the company is given until Friday to answer, at which time the men say they will strike if the desired concession is not granted.

To Protect Nonunion Men.

Earlington, Ky., July 25.—An order has been issued by the local court instructing the sheriff of Hopkins county to appoint a large force of deputies and to arm them for the protection of mines and the nonunion miners here. The order was issued upon the affidavit of the mine owners and local officials who say the mines are threatened and such a course is necessary as a precaution. The United Mine workers will give a barbecue Saturday which will be attended by many outsiders, and this the authorities fear will culminate in trouble.

Machinists Lose.

Scranton, Pa., July 25.—The Allis-Chalmers company resumed work in all departments of its Scranton ma-

chine shops, the strike of nine weeks' duration for a 9-hour working day without reduction in wages having failed. Over 1,200 men returned to work. Three hundred men also returned to work at Finch's foundry and machine shops and at the Brooks and McClain works. No concessions were made.

GOVERNMENT LOTTERY.

One Chance in Fourteen of Winning a Homestead.

El Reno, O. T., July 25.—This is the last day but one in which persons may register here and at Lawton for a chance in the drawing of the 15,000 claims in the Kiowa-Comanche reservation. The drawing will begin on Monday next. The registration has exceeded every estimate. For the 13 days of filing ended Wednesday, the names of 149,925 applications had been received, or a daily average of 11,532. If the grand total registration at the close of Friday evening reaches 175,000 or over, it will give each applicant a chance of about 1 in 14 of winning a homestead.

Electrical Storm.

Union City, Ind., July 25.—A big rain, hail and electrical storm passed over this section. Lightning struck the residences of Sylvester Ware, George Alexander, Harry Mormon, C. C. Fisher, Daniel Stoner and C. L. Ostergren. At the latter place the bolt passed through the brick walls in four different places, tearing jagged holes. At the Warwick home, bolts of electricity set fire to the barn. Many people were stunned, but none were killed. Much damage was done by the hail. The Johnston Wickles barn and tobacco sheds, eight miles north of here, were struck by lightning.

Prospectors Missing.

Vancouver, B. C., July 25.—According to Alaskan advices eight men who started from White Horse for Dawson in scows on June 10 are missing. The scows have been found wrecked at Freeman's Point, and the eight prospectors are believed to have been drowned. Their names are: George McLeod, J. McGuire, D. O'Connor, F. Lynch, Antoine Curren, G. Tyrell, J. M. Taylor and T. McDonald.

Stabbed Himself.

Butte, Mont., July 25.—A young man, supposed to be Henry H. Armstrong of New York, stabbed himself in the region of the heart and gashed his throat with a pocket knife in the toilet room of a sleeping car on the southbound Oregon Short Line express at the depot here, and is now in a local hospital with problematical chances of recovery.

In Behalf of the Boers.

Amsterdam, July 25.—"Dr. Kuyper, the premier, will certainly advance a scheme of mediation between Great Britain and the Boers," says the Nieuwsblad Van Nederlanden, "soon after the new ministry is organized. He has had long interviews with the secretary of The Hague arbitration court, Baron Van Tynden."

Identified Her Assailant.

Denver, July 25.—Bessie Kinport, 14, who was choked into unconsciousness and assaulted on the night of July 8 near her home, has identified Roy Pennington, a youth of 15, who is under arrest as her assailant. Pennington declares his innocence and asserts he can prove an alibi.

May End in Murder.

Wapakoneta, O., July 25.—Charles Warren, a bartender of Waynesfield, bearing a bad reputation, was shot by Orvil Gardner, the bullet going into his breast and passing nearly through, lodging in his back. Gardner was arrested and placed in jail by the sheriff.

Shot By Unknown Man.

Springfield, Ill., July 25.—James Armour, superintendent of the Macoupin county poor farm at Carlinville, was called to the door and shot twice in the head by an unknown man. Mr. Armour will die. A sheriff's posse is hunting for his assailant.

Struck a Gusher.

Lima, O., July 25.—A monster oil well was drilled in on the Lapscot farm near here by Lippert Hills & Co., the well flowing when drilled into the sand and after being shot poured out oil so fast that the tools cannot be taken out.

Sale of Ohio Oil Lands.

Marietta, O., July 25.—The Southern Oil company and Longfellow Brothers have disposed of a part of their oil holdings in Monroe county to an eastern company for a consideration of \$350,000.

New York, July 25.—No attempt was made Thursday to resume a full service on the Brooklyn bridge, on which several suspension rods were found to be broken. Engineers examined the bridge carefully, and it is expected that full repairs will be made in a day or two.

GEM OF THE ANTILLES

In Enjoyment of Free Trade With the United States.

PROCLAMATION BY THE PRESIDENT.

Legislature of Porto Rico Having Provided For the Needs of the Government by Local Taxation, the Tariff Law Ceases.

Washington, July 25.—The president issued his proclamation establishing free trade between Porto Rico and the United States and declaring the organization of a civil government for the island. The proclamation is purely formal, and only in the body of the resolutions adopted by the Porto Rican legislature (heretofore published) does it appear that the island is set free commercially in commemoration of the anniversary of the planting of the American flag on the island. The proclamation is headed "Cessation of Tariff in Porto Rico."

It recites that the act of April 12, 1900 (otherwise known as the Foraker act) provided that whenever the Porto Rican legislature has enacted and put into operation a system of local taxation to meet the needs of the government and by resolution so notified the president the latter shall issue a proclamation and all duties on goods passing by the United States and Porto Rico shall cease. As the legislature has complied with that requirement of the act in terms set out in the resolutions which are quoted in full in the body of the proclamation, that document says:

"Therefore, I, William, McKinley, president of the United States, in pursuance of the provisions of the law above quoted and upon the foregoing due notification, do hereby issue this, my proclamation, and do declare and make known that a civil government for Porto Rico has been organized in accordance with the provisions of the said act of congress.

"And I do further declare and make known that the legislative assembly of Porto Rico has enacted and put into operation a system of local taxation to meet the necessities of the government of Porto Rico."

Presbyterian Young People.

Warsaw, Ind., July 25.—The business session of the thirteenth annual convention of Young People's Christian Union of United and Associated Reformed Presbyterian Churches of North America began at Winona Lake. Mr. W. C. Nicoll, president, will retire when his successor is chosen, and within a few days will leave for Rawal Pindi, India, as one of the faculty of the Gordon Memorial college. Nearly 1,000 delegates and visitors are here. General Secretary T. E. Hanna presented his report showing 1,160 societies in the Y. P. C. U., with a combined membership of 40,000 United Presbyterians, while the number of Associated Reformed branch will reach 20,000, principally in the southern states.

Declined to Discuss the Strike.

New York, July 25.—A. M. Garland, former president of the Amalgamated association, has been in New York for a few days past and has been in conference with officials of the subsidiary companies of the United States Steel corporation. They discussed the strike situation, but as far as known reached no conclusion as to any basis of action for the future. Officials of the United States Steel corporation when seen declined to discuss the matter. They would not deny, however, that Garland had been there. They also declined to discuss the steel strike.

Negroes Sidetracked.

Chicago, July 25.—Three hundred negroes imported from Alabama for work in the Latrobe Steel and Coupler works at Belleville, and whose arrival in that suburb has created serious alarm and threats of trouble, after spending the night on the train within a few miles of their destination, were switched to LaGrange and the train held to await developments.

Fired By Lightning.

Chillicothe, O., July 25.—A heavy rainstorm, with lightning, occurred here. Several buildings were destroyed by the lightning. The large barn of L. C. Skinner at Clarksburg, this county, was fired by lightning and five horses, together with grain, hay and implements, were destroyed.

Barber Killed.

Ilion, N. Y., July 25.—George Young, a barber of this village, was shot dead by Henry Brown, also of this place, as a result of a quarrel over a debt of \$16 which Young alleged was owed him by Brown. Both men bore excellent reputations in the community. Brown was arrested.

London, July 25.—D. B. Henderson, speaker of the United States house of representatives, left here for Berlin.

The New York World refers to Taylor as "a miserable fugitive from justice." That's the size of it.

The limit of thirty days given property owners in the First ward to reconstruct pavements on the north side of Second street is almost at an end. Those who have so far failed to comply with the ordinance had better give the matter serious thought. Fair warning has been given, and as a member of Council says: "No kick should be coming from those who are compelled to pay the extra costs."

An interesting development brought out by the Industrial Commission is the fact that the United States Steel Corporation is largely over capitalized and that the "water" in the stock amounts to \$300,000,000, or nearly one-third of the entire capital. The report is largely an answer to the testimony given by President Schwab, who expressed the opinion at the time that the trust is under, rather than over capitalized. The Commissioners' report will also devote considerable attention to Schwab's attitude toward union labor, and will contain the intimation that he has been intent, ever since the Homestead strike, to break up labor unions. And the steel combine magnates want to force the American consumer to pay them dividends on this \$300,000,000 of "water." That's worse than robbery.

The British are about to conclude that Bill Shakespeare was inspired when he wrote: "Thrice armed is he that hath this quarrel just." The government is almost in a panic now over the conduct of the Boer war, and it is rumored that the great Kitchener is going to be recalled. The War Office is said to be more worried now than at any stage of the war. "American imperialists, though, have reached that degree of sublimated smartness that prevents them from learning a lesson from the British blunders," remarks an exchange. "In this connection it is worth while to mention that Capt. D. F. Allen, of Frankfort, Ind., commanding Company I, Thirty-eighth U. S. V. I., has returned home and says, in his opinion, the United States will eventually have to withdraw from the Philippines, and he could see no other solution of the problem; the insurrection is not broken; if the Filipinos could shoot straight it would be impossible for the U. S. troops to withstand their attacks, he declares, and he believes Aguinaldo is as much of an insurrecto as he ever was and will escape the first opportunity."

Endowment Rank, K. of P.

Members of Maysville Section are requested to be present to-night at the meeting of Limestone Lodge, No. 36. Some official communications from the Board of Control are to be read. Let all be present.

Mrs. B. W. Goodman is somewhat improved.

Positively the best cut yellow poplar shingles on earth. Samples at R. A. Carr's and Limestone Mill, Maysville. Address, D. G. Wilson, Orangeburg, Ky.

You want to be right up in G if you are an Elk, and get one of those handsome pins and charms on sale at Ballenger's. Great variety, ranging from \$1 to \$80.

Mr. Thomas Blanchard was engaged last evening in filling a coal oil lamp hanging in the rear room of his grocery, when some oil on top of the lamp ignited. He seized the lamp to throw it out in the yard, but before he could do this the bowl fell to the floor, breaking and scattering the burning oil about the room. For a few minutes it looked like the flames would get the best of Thomas, but he finally succeeded in smothering the blaze with an old carpet. Some of the woodwork was scorched, but no serious damage was done.

It Dazzles The World.

THE H. E. POGUE DISTILLERY CO.

At an informal tea given by Miss Harriet Johnson for Miss Pearl Murphy yesterday evening the guests were most charmingly entertained by an unusually attractive musical program, Mr. G. Morgan Stricklett, the soloist of Wednesday evening's concert, and Miss Wadsworth being the artists. The music to Omar Khayyam's Rubaiyat was played by Miss Johnson, while Miss Murphy's readings found instant favor and a most generous applause.

Policeman Harry Ort and Mr. Jos. Crawford were members of a boating party that had an exciting experience just below Maysville Wednesday afternoon. The joe-boat in which the party were returning from the Ohio shore sprang a leak and collapsed with them. A watch and gun belonging to them were lost. Mr. Crawford couldn't swim, but his companions finally got him on top of the collapsed boat and brought him ashore.

Dr. Charles S. Savage, of Galena, Kan., writing of the terrible drouth, says: "We can't get a mess of green vegetables of any kind, not even a roasting ear." And he adds: "Wish I was back in old Kentucky." Dr. Savage was a resident of Germantown many years.

Tobacco worms were never so bad in this section as they are at the present time. Nearly every farmer you meet reports the same condition, says the Dover News. If all the farmers would use cobalt for the destruction of the fly they would soon get rid of this pest.

The Fleming County Oil and Gas Company has taken leases on about 20,000 acres in the valley of Fox creek and extending to the Rowan County line in some places, and it will probably take 30,000 acres in all to block up their territory. The work of sinking wells will begin shortly.

Mrs. Josephine K. Henry, of Versailles, has resigned as President of the American Secular Union and Free Thought Federation, leaving Eugene MacDonald, of New York, at the head. President Wilson resigned some weeks ago. The Western and Southern contingent claim that Secretary Reichwald, of Chicago, and MacDonald, of New York, have misappropriated the finances of the concern.

Trouble of a Minister.
 To benefit others Rev. J. T. W. Vernon, of Hartwell, Ga., writes: "For a long time I had a running sore on my leg. I tried many remedies without benefit, until I used a bottle of Electric Bitters and a box of Bucklen's Arnica Salve, which cured me sound and well." Sores, eruptions, boils, eczema, tetter, salt rheum show impure blood. Thousands have found in Electric Bitters a grand blood purifier that absolutely cures these troubles. Satisfaction is guaranteed or money refunded by J. Jas. Wood & Son. Large bottles only 50c.

THE BEE HIVE

You Mustn't Judge By What You Pay,
But What You Get For What
You Pay!

Most every person in Maysville know that we sell better goods for less money than any other store, and the few that don't will know it soon. We will tell you why we can sell you cheaper. We do the largest business in town. We can buy direct from the largest manufacturers, therefore we can buy cheaper and that is the reason we sell cheaper.

OUR PROFIT ON FRIDAY IS YOUR GOOD WILL.

BREAK AT PUMP HOUSE.

Patrons of the Water Company Should Be Economical in Sprinkling for Next Few Days.

About 9:30 o'clock last night the pump rod of the main pump at the water works suddenly broke, necessitating a stoppage of the machinery for repairs.

Supt. Schaeffer went to Cincinnati this morning to get a new rod, but he could not say how long it will take to make the repairs and get the pump in running order again. This will be done just as soon as possible.

As an extra precaution, however, Mr. Schaeffer suggests that patrons of the company be as economical as possible in the use of water for sprinkling purposes until the repairs are completed.

DIED LAST NIGHT.

Mrs. Katherine Knoveshaw Succumbs to a Stroke of Paralysis.

Mrs. Katherine Knoveshaw, widow of the late John Knoveshaw, died at 11 o'clock last night at her home near Bernard. She was stricken with paralysis some time ago, but had almost entirely recovered, it was thought.

Thursday morning about 9 o'clock she suffered another stroke and lingered in an unconscious condition through the day, the end coming last night at the hour named.

Mrs. Knoveshaw was born near Pittsburg, and was sixty-one years old. She is survived by three sons and five daughters, among them Mr. John Knoveshaw, of this city, Mrs. Thad Bullock, of Bernard, and Mrs. Robert Marshall, of Charleston, W. Va.

Notice to Wheelmen.

There's positively no need to endure discomfort by reason of chafing, sunburn, insect stings, sore and perspiring feet or accidental bruises. You forget these troubles in using Bucklen's Arnica Salve. Infallible for pimples, blotches, skin eruptions and piles. Sold by J. J. Wood & Son; 25 cents.

A BRACKEN COUPLE

Who Were Married Thirty Years Ago at Aberdeen Have the Nuptial Knot Tied the Second Time.

[Dover News.]

William Case and wife, living on a farm near Wellsburg, who have lived together thirty years after a marriage at Aberdeen, procured a license and were married again last Saturday at Johnsville by Squire S. W. Norton. Mr. Case and a brother owned and cultivated a farm in partnership. Will and Charlie Case married a widow and her daughter. The elder brother married the daughter and the younger brother married her mother. Thus the younger brother became the father-in-law and brother-in-law of his elder brother and the girl became her mother's sister-in-law, and—well, you figure awhile.

The two families lived happily together in the same house as one family until death took from the circle the elder brother. Other brothers laid claim to a share of the estate and are attempting to cut the widow out. It was these complications over the settlement of the estate that induced Mr. and Mrs. Case to remarry in order to get a legal standing in the courts, as no record of the Aberdeen marriage can be produced. They are most highly respected people.

To the Public.

Owing to a break in the shaft of the pump in water works, people are cautioned not to waste the water. Superintendent Schaeffer left this a. m. for Cincinnati to get shaft fixed to-day.

The price of newspaper space is just the same, whether the advertisement that is put into it is a good advertisement or a bad one. An advertisement that costs twenty dollars and pays a good deal better than an advertisement that costs two dollars and does not pay. As a general thing, the twenty-dollar advertisement is more likely to bring really profitable results than the two-dollar advertisement is. That is to say if the two-dollar advertisement will result in a ten-dollar sale, the twenty-dollar advertisement will bring more than ten times as much.—Bates.
